An Eisenhower for President Club was organized in Belle Glade on October 9 with C. A. Bailey elected as chairman for the Glades area and authorized to appoint sub-chairmen for the various communities. Volunteer workers are requested to contact C. A. Bailey's office in Belle Glade. Phone 3084.

William Graber Seeks School Post Via Write-In Plan

William Graber of Belle Glade, announces his candidacy for the office of school board member from the 4th district as a write-in candidate subject to the Nov. 4th General Election. This district embraces the communities of Belle Glade, Chosen, South Bay, and Lake Harbor but is voted on county wide.

Mr. Graber says, "I am making this race because I firmly believe that the majority of citizens in my district feel they were denied an opportunity of making a selection for this office due to the withdrawal of the present board member after the deadline for qualifying had passed. Since my opponent qualified for this office at approximately 11:55 A. M. before the noon deadline on February 1, 1952 and the present board member withdrew the very next day leaving only the one name on the ballot, many citizens feel that they are being forced to accept a person as school board member through a political maneuver.

"It is my belief that our schools are no place to play political tricks. My interest in our schools comes not as an office seeker but as an interested parent, father of three children who seeks only the best possible school system for his children. I am a farmer-business man who has resided in Belle Glade for over twelve years. My business and my home are in Belle Glade. I have been active in our school affairs both as a member of the PTA and as President of the Band Parents Association. I am also a member of the Elks, Masons, Lion's and Methodist Church.

"I shall always work for better and more progressive schools. I am for helping our school teachers receive added compensation. I feel that I am qualified to serve as a member of the school board and give you every assurance that my efforts will be along economical and progressive lines.

"It is a democratic inheritance to be able to write-in a person's name if you disagree with the party's nominee. Let us exercise that privilege on November 4th."

Water Discussed By Pahokee Council

The Pahokee City Council at a meeting Monday night heard protests from local residents whose lawns have been flooded by the heavy rains that have fallen in this area for the past two weeks.

It was pointed out at the meeting that one of the most effective moves that could be taken to improve drainage facilities within the city limits would be to remove all obstructions and clean out the foe ditch that runs parallel to the Lake Okeechobee levee. There has been a question in the past as to whether the U. S. Engineers or the East Beach Drainage District has jurisdiction over this canal which has not been cleaned out for several years and at the present time is so choked with vegetation that its value as a drainage canal is practically nil. As a preliminary step to getting some action, City Attorney Ralph Johnson drew up a formal statement on the present condition of the canal and is sending copies to the East Beach Drainage District, the U. S. Engineers and other interested parties.

As a temporary relief measure the council authorized the installation of a drainage pump at SE (continued on page 8)

Justice Drew Is Returned To Court

Justice E. Harris Drew of West Palm Beach won a full term on the state Supreme Court bench Tuesday in one of the closest statewide elections in Florida's history. Miami Circuit Judge Vincent Giblin conceded victory to the West Palm Beach jurist Wednesday even though Giblin held a slight lead in returns counted at that time. It was apparent the north and west Florida returns trickling in would give Drew a narrow margin.

The latest unofficial count of 1652 of the State's 1,683 total precincts gave Drew 63,000 votes and Giblin 61,280.

Legion Auxiliary Sponsors Snack Bar

The American Legion Auxiliary Unit 242 is going to have a Snack Bar on election day and sell sandwiches, cookies, cakes and Cokes at the Community Building.

Blue Devils Play St. Ann's Tonight

The Pahokee Blue Devils, at the halfway mark on their schedule, will be seeking their first victory in five tries when they travel to West Palm Beach tomorrow evening Saturday, to play the St. Ann's Crusaders in a non-conference game.

The Blue Devils put up a good fight against the conference leaders the Seacrest Seahawks at Delray Beach last Friday night, before going down to a 19-6 defeat. They are showing steady improvement since the start of the season but still haven't developed the punch necessary to string up wins.

For the first time this season they are starting a game as favorites to win when they face the Crusaders tomorrow night, but Coach Webb Fell is pointing out to his men the impressive display of power the Crusaders showed in overwhelming St. Patrick's of Miami Beach, 47-6, last week and is warning them they will have to fight hard for everything they get out of this game.

Benny Sims, who was hospitalized with a head injury in the Seahawk game, has recuperated sufficiently to report back for practice sessions and is expected to play part of the time tomorrow night.

Sinclair To Open New Bulk Plant

A new Sinclair Refining Company bulk distribution plant will be opened in Pahokee in the near future, according to A. E. (Slick) Kirchman of the Kirchman Company, Inc., of Belle Glade. The bulk plant will be opened on the property recently purchased by the Sinclair company from R. W. Sanders of the Pahokee State Farmers Market. The site is near the market.

Bert Roemer, contractor, has the contract to build the new plant and also will remodel the present filling station and make it into a modern and up-to-the-minute truck stop. Mrs. Roberts will continue to operate her cafe in its present location at the station, Mr. Kirchman said.

A truck broker will be located at the new truck stop, according to Mr. Kirchman. All Sinclair distribution in the Pahokee-Canal Point area will be made from the new bulk plant.

Cinematic Chatter

By Malcolm Miller

Hello everybody! Here's some advice for you young girls who have a desire to become movie actresses. It comes from Marjorie Main, famous for her "Ma" Kettle roles with Percy Kilbride as her co-star. "Be a comedienne! Dramatic actresses are a dime a

dozen," Marjorie advises. She claims that good comedienness is the scarest commodity in the entertainment field. "Everybody's trying to be a Bette Davis or an Ann Blythe," says Miss Main, who reached the zenith as a comedienne in her "Ma" Kettle role, the first picture of this type she and Percy Kilbride made. "What this country needs is more lady comics. There are plenty of funny men on stage and screen, but how many women? You can count them almost on the fingers of your hands — Betty Hutton, Marie Wilson, Gracie Allen, Joan Davis, Eva Arden, Judy Holliday, Lucille Ball, Judy Canova and Cass Daley. Comedienness are as scarce as multi-millionaire boy friends. This type of performer is always in demand," Ma points out. "So, if you want to hit the show business jackpot, learn to make 'em laugh instead of trying to make 'em cry. Miss Main started film career in a dramatic performance playing the role of a gangsters mother in "Dead End", but her dry wit, frosty smile and sparkling eyes, aided and abetted by foghorn voice, soon got her switched to comedy characterizations, and the Kettle series — established her as tops among comedians. Marjorie and Percy's latest comedy, "Ma and Pa Kettle at the Fair," is said to top all her previous roles for laughs. So girls take the advice of veteran Miss Main and start grooming yourself for a comedienne. See you at the movies — Mal.

Veterans Should Register For Jobs

Recent veterans of the armed forces, who may be eligible to file claims for unemployment compensation under the Veterans' Readjustment Assistance Act of 1952 after October 14, today were urged to visit the local office of the Florida State Employment Service and register for work if they are not working. Arthur M. Larrimore, manager of the Belle Glade local office, which is to handle claims under Title IV of the Act, covering payment of unemployment compensation, pointed out that several conditions must be met before veterans can become eligible for payments.

This compensation is payable only to veterans who are unemployed for no reason other than that they cannot obtain a suitable job. One of the first requirements is that the unemployed veteran be registered for work with the State Employment Service. Another is that he must be able to work and

available for work. Local offices are currently seeking workers for jobs such as auto mechanic, insurance salesman, asst. bookkeeper, grocery clerks, and cooks.

Mr. Larrimore also urged the unemployed veteran to visit the local office and get information on how to establish his reemployment rights under the Selective Service Act. If in the meantime, however, he has acquired new skills or knowledge, or experience in a new occupation and does not want to return to his old job, he should explain this fact to the local office interviewer.

The local office manager stated that the purpose of the new veterans' unemployment compensation legislation is to provide discharged servicemen, who are unable to find jobs, with weekly payments which will tide them over temporary emergencies while they are out of work. The total of \$676, which is payable, in weekly amounts of \$26, to be paid when out of work and eligible, will remain to their credit until used.

Third Amendment Should Be Killed

MIAMI—While proposed constitutional amendment No. 3 to be voted on at the general election in November was sponsored by the Dade County delegation in the last legislature and is designed to bring about the consolidation of city and county government in that county, "it is not the harmless thing that its sponsors and some newspapers would have you believe," points out Carl T. Hoffman, Chairman of the Miami Beach Chamber of Commerce, State and County Affairs Committee.

Speaking before the representatives of 25 Dade County civic organizations constituting the Presidents Council, Hoffman pointed out that every county in the state is directly affected, and should the amendment pass it would be a basic instrument of destruction of municipalities anywhere in the state and pave the way for minority or clique control of local government.

Because of the intricate technical language used in the amendment not one voter in a thousand could conceivably understand it, and it is so controversial that it paved the way for endless litigation.

The amendment if passed would destroy the long established uniformity of county government throughout the state and open the gate to establishing 67 different types of county government. This may play havoc with the credit structure of counties.

Before voting for this amendment, Hoffman urges every citizen to study the proposition carefully and is confident that if they fully realize the true meaning and far-reaching effects they will vote against this dangerous measure.

Do you have Series E Defense Bonds coming due this year?

Here's a money-earning opportunity for you

Now—a new law lets your maturing Series E Bonds go on earning for you ten years longer! And you don't have to do a thing!

ARE YOU one of those patriotic citizens who began buying—and holding—Series E Bonds ten years ago? Now your government is going to reward your faith with a chance for your bonds to earn extra money—over and above what you'd expected!

According to the bill passed by Congress last spring, it is now possible for your United States Series E Bonds to continue earning interest ten years longer than was originally planned.

Therefore, if you started an automatic bond saving plan, and helped your country at the same time, you can look forward to ten years more of effortless earning from the bonds you bought!

For example, a Series E Bond which cost you \$18.75 in 1942 will pay you \$25 in 1952. But

if you hold that bond ten extra years, until 1962, it will pay you \$33.33, an average interest of 2.9%.

And there is nothing for you, as a bond holder, to do. You need not exchange the bonds you have. You need not sign any paper, fill out any form. You simply keep your bonds as you have been keeping them.

You may still redeem any Series E Bond at any time after you've owned it for sixty days. (The tables on this page show what you can get for it.) But, unless you really need the cash you're much better off to hold your bonds; they are a paying method of saving. Bonds are safer than cash! Cash is too easily spent on nonessential things. And if you lose or accidentally destroy it, you're out that much money. But when you have cash in Defense Bonds, you're more apt

to hold on to it. And if your bonds are lost or destroyed, the Treasury will replace them for you at no cost or loss to you.

The cash you have in bond savings is safe and solid; and it's steadily growing toward a sum big enough to buy something really worth while when the proper time comes—a home, a business, a retirement fund, an education for your children.

So if you have bonds coming due, take advantage of this new offer of your government—just sit back and let them go on making money. Meanwhile keep adding to your savings by buying more United States Defense Bonds regularly—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

If you want to be paid your interest as current income—

The new law also allows you to exchange your Series E Bonds, in blocks of \$500 or more, for Special Series G Bonds which pay interest semiannually at the rate of 2 1/4% per year. For full details, ask at any Federal Reserve Bank or Branch.

Here's how Series E Defense Bonds earn the first 10 years

Christian Science Group Of Canal Point

Keynote of services in Christian Science Churches next Sunday is that atonement results as the Christian strives constantly to obey the commands of Christ Jesus. Subject of the Lesson-Sermon is "DOCTRINE OF ATONEMENT."

A verse from I Corinthians (1:18) provides the Golden Text: "The preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God."

Bible references include the following from II Corinthians (5:17): "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

Among citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is this: "Every agony of mortal error helps error to destroy error, and so aids the apprehension of immortal Truth. This is the new birth going on hourly, by which men may entertain angels, the true ideas of God, the spiritual sense of being" (p. 548).

George Belk, Sr., accompanied by his daughter, Mrs. T. R. Bronson and children of Canal Point, and by Mrs. George Belk, Jr., spent the weekend in North Florida visiting Mrs. Lucille Belk, who is a patient at the Florida State Hospital, on her birthday anniversary.

Church In Pahokee Buys Maloy Lot

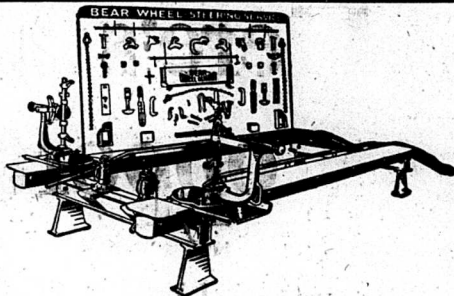

The official board of the Pahokee First Methodist Church, at a meeting at the home of Dr. and Mrs. Rembert A. Guy, voted to recommend to the church the purchase of the Maloy lot which adjoins the church grounds on the west.

I. Marshall Lair, chairman, named Mrs. Duncan Padgett, Jack Phillips and W. E. Blackwell on the church music committee. W. A. Slauter and Miss Shell, teachers at Pahokee Schools, were employed

as director of the Adult Choir and the Vesper Choir at the church, rehearsals to be held by the adult group on Wednesday nights following the mid week prayer service and by the young people's Vesper group on Thursday nights.

J. D. Rogers was authorized to have two trees removed from the parsonage grounds.

Final plans were made for the annual homecoming day program to be held at the church on Oct. 19. It was announced that the Rev. A. J. Henry, guest speaker at the homecoming, will be the house guest of Mr. and Mrs. H. J. Anderson during his stay here.

This means more money to you!

**NOW YOUR U. S. SERIES E BONDS CAN EARN INTEREST
10 EXTRA YEARS**

ALL YOU WISE and patriotic people who bought United States Series E Bonds ten years ago and have held them can benefit by this new law! For according to this law the bonds you expected to mature finally in 1952 can now continue to earn interest every year for ten more years—till 1962—without your even lifting a finger!

To get this extra money, there's absolutely nothing you have to do. Just hold your bonds and let them go on earning!

If you wish, you may still cash any Series E Bond at any time after you've owned it for sixty days. But you'll be better off to hold your bonds, just as you're better off to hold savings in any form.

First of all, as long as you don't cash your bonds, you don't have to pay income tax on the interest they earn. In the second place, cash in the pocket melts away fast—often with little or nothing to show for it. But cash in bond savings is always there—growing steadily toward the big sum which can buy something really worthwhile. . . . And remember—the interest rate on Series E Bonds has been increased to 3% compounded semi-annually, when held to maturity.

So if you have bonds coming due, why not take advantage of your extra-income opportunity? Just sit back and let them go on mak-

ing more money for you. And meanwhile keep adding to your cash savings by buying more U. S. Defense Bonds regularly—through the Payroll Savings Plan where you work. It's the easy, systematic saving plan that's so helpful because it lets you save *before* you even draw your pay. Thousands on the Plan say it's the one sure way to save.

3 NEW MONEY-MAKING OPPORTUNITIES FOR YOU!

*New Series H, J, and K
Defense Bonds pay 2.76% to 3%!*

If you want to get the interest on your bonds in the form of current income, or if you want to invest more than the annual limit for E Bonds, ask at any Federal Reserve Bank or Branch about these new bonds:

SERIES H. A new current income bond, available in denominations of \$500 to \$100,000. Sold at par. Matures in 9 years 8 months and pays approximately 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Annual limit, \$25,000 maturity value. Issued only by Federal Reserve Banks and Branches and at the Treasury.

SERIES J. A new 12-year appreciation bond, available in denominations of \$25 to \$100,000. Sold at 72% of par value. Pays 2.76% compounded semiannually if held to maturity. Annual limit, \$200,000 issue price jointly with Series K Bonds.

SERIES K. A new 12-year current-income bond in denominations of \$500 to \$100,000. Pays interest semiannually by Treasury check at the rate of 2.76% per annum. Sold at par. Annual limit, \$200,000 issue price jointly with Series J Bonds.

**NOW EVEN BETTER!
INVEST MORE IN DEFENSE BONDS!**

Pahokee PTA Hears—

seven children to the free dental clinic on Oct. 22.

Acting on a recommendation by the executive board, the group voted not to support the movement to form a PTA Council for the Glades area at this time. It was also voted to furnish free refreshments for the small children who are in the nursery at the elementary school while their parents are attending PTA meetings.

Newly appointed mother leaders were introduced by Mrs. Arch Blakey, room mother chairman.

Mrs. Myrtle Brooks' first grade room reported the largest percentage of fathers of pupils present at the meeting and won the "fathers night" three-dollar cash award.

Mrs. George Arceneaux, program chairman, introduced Mrs. I. Marshall Lair, the Rev. W. Hal Hunter, Mrs. J. R. York and James W. Vann, speakers in a panel discussion of "The Home, Church, School and Community, as Each Affects the Welfare of the Child." It was the consensus of the speakers that the home still plays the most important part of the four institutions under discussion in the development of a child's character, but the other three are equally important for the mental stimulation and spiritual inspiration they impart and the training they offer which enables the child to more easily adjust himself to the growing complexities of life.

ROZELLE RE-ELECTED

Fourth Street, where flood conditions are particularly bad, to pump the water into the Belle Glade Canal. Named on a committee to make a study of the situation and recommend a more efficient system of water control for the city were Mayor Lewis Friend, Councilmen J. H. Wilkinson, Jr., and Gil Galbaldon, Dr. E. C. Johnson, Robert Chamberlain and Calvin Spooner.

The group authorized City Clerk Dorothy Graham to ask for bids for the purchase of a new two-door sedan for the police department.

An ordinance was passed which set a flat fee of \$30 per month for city water furnished to all hospitals operating on a non-profit basis.

W. A. Slaughter, driver education instructor at Pahokee High School, suggested the city purchase a ma-

chine to test the skill of car drivers at a cost of approximately \$195. The council indicated it would be willing to cooperate with civic clubs in such a project.

Curtis Chase, local manager of the Florida Power and Light Company, presented a plan for extending street lights on Bacom Point Road from the W. R. Wilson residence to the H. J. Anderson residence.

A resolution was passed recommending that the Palm Beach Port of Authority permit the Standard Oil Company to install motor boat fuel pumps at the Pahokee city dock.
